

Plan your Courses

 Student's Name _____ Grade _____

For each subject, name your course by topic or grade level (ex: Geometry, Math 4, Earth Science), then list the curriculum, book titles, workbooks, or other resources you plan to choose to cover the subject. If using a full curriculum program, you may simply name it for each subject (ex: Subject: Language Arts, Course: English 8, Publisher: Edmentum).

Visit our [Curriculum](#) page for recommendations. Visit our [Course of Study Library](#) for samples.

Language Arts

Course Title: Book, Publisher, Activity:

Mathematics and Critical Thinking

Course Title: Book, Publisher, Activity:
